MEMORANDUM THRU DIRECTOR OF THE ARMY STAFF

FOR SECRETARY OF THE ARMY

NOTED BY
SECRETARY OF THE ARMY

SUBJECT: SA Query re GRILL FLAME Support to
BG Dozier Search and Rescue (U)

1. (S) GRILL FLAME is a DIA/Army program that applies remote viewing phenomena to priority intelligence targets.
2. (S) During the period of BG Dozier's kidnapping, 100% of the Army GRILL FLAME effort was devoted to developing information that could lead to his location and release. The usefulness of this information is currently being assessed. A preliminary analysis reveals that Army GRILL FLAME data did not play a direct and immediate role in BG Dozier's release.
3. (U) Once the final analysis is obtained, I will inform you by separate memo of the specific role played by Army GRILL FLAME information in the search for and release of BG Dozier.
